

**BOROUGH OF LONGPORT
HYDRANT FLUSHING
OCTOBER 12TH - 15TH**

HYDRANT FLUSHING OCTOBER 12TH - 15TH

Beginning Tuesday, October 12, the Borough of Longport will begin testing the Borough's fire hydrants. Testing will continue through Friday, October 15.

Conducting flow tests allows the Fire Department to ensure hydrants are in proper working order while providing flushing of the water distribution system.

Residents should not be alarmed if a discoloration of tap water occurs as this condition is not harmful and will dissipate in a few hours. Residents should avoid washing laundry, especially sheets and/or white loads, between 8 am and 5 pm throughout the testing period.

Please contact 609-823-2731 ext. 102 if you have any questions.
